MILLING AND BREADMAKING DAY

Get stuck in over the May Bank Holiday weekend by baking your own bread.

The oven in our 18th Century Grade II* listed Millhouse will be stoked up and ready to go. Follow the Little Red Hen through the Mill to discover how flour is made before having a go at making your own delicious bread roll. All of the rolls will be baked in our oven and you will be able to eat them when they're lovely and warm. Other activities on the Farm over the weekend include pony grooming, pond dipping, lamb and duck racing.

TIME: 9:30am-5pm

PRICE: Standard admission fee

ORGANISATION

Do you have nearly new clothes and accessories that never leave the wardrobe?

Would you like swap them for stuff you'll wear? We've got the guilt-free, chic solution to a new wardrobe which won't break the bank. Come along to this informal, relaxed Swish, enjoy a glass of wine and delicious locally sourced nibbles and recycle in the most glam way possible.

How it works:

- Bring up to six unwanted, high quality items.
- Add your items to the rails and start browsing what other people have brought.
- Select items which you would like to try on and if you like it, keep it!

What can you bring?

- Items have to be good quality.
- Bring clothes, shoes, bags and accessories.
- Books (in good condition) can also be swapped.

Booking essential, please contact **ben.middleton@pect.org.uk** or call 01733 866445

FILM CHASING ICE

Chasing Ice is the story...

...of one man's mission to change the tide of history by gathering undeniable evidence of our changing planet. With a band of young adventurers in tow, Balog deploys revolutionary time-lapse cameras across the brutal Arctic to capture a multi-year record of the world's changing glaciers.

Battling untested technology in subzero conditions, he comes face to face with his own mortality. His hauntingly beautiful videos compress years into seconds and capture ancient mountains of ice in motion as they disappear at a breathtaking rate. Chasing Ice depicts a photographer trying to deliver evidence and hope to our carbon-powered planet.

Winner of over 30 awards including SUNDANCE FILM FESTIVAL – Excellence in Cinematography Award.
